

**Kittitas County Public Hospital District No. 2
BOARD OF COMMISSIONERS' MEETING - COVER SHEET**

Meeting Date: January 21, 2019

Please note, the location of the regularly scheduled Kittitas County Public Hospital District No. 2, Board of Commissioners' meeting has been changed to Putnam Centennial Center, Kiwanis Room located at 719 E. 3rd St., Cle Elum, WA 98922.

**Kittitas County Public Hospital District No. 2
BOARD OF COMMISSIONERS' MEETING**

January 21, 2019

6:30 p.m.

**Putnam Centennial Center, Kiwanis Room
719 E. 3rd St., Cle Elum, WA 98922**

AGENDA

- I. Introductions**
- II. Approval of Agenda**
- III. Approval of Minutes**
 - a. December 17, 2018*
- IV. Public Comments/Announcements/Correspondence**
- V. Reports:**
 - a. Operations Report (G. Scherer)
 - b. Superintendent's Report (J. Petersen)
 - c. Ancillary Report (R. Holden)
 - d. Finance Report, Approval of Expenses* (L. Allgood)
 - e. Open Door Clinic Report
 - f. Ambulance Garage
- VI. Old Business**
 - a. Process for Appointment of New Commissioner (Michele Wurl)
 - b. Resolution 01-21-19-01: Appointment of Scott Olander as Treasurer* (J. Petersen)
- VII. New Business**
 - a. Capital Request- (Scott Olander)
 - b. Next Meeting Date: February 18, 2019
- VIII. Executive Session**
- IX. Adjournment**

*Action Item

Kittitas County Public Hospital District #2

BOARD MEETING MINUTES

Meeting Date: Monday: December 17, 2018
Minutes of: Regular Meeting of the Board of Commissioners
Meeting Place: KVH Family Medicine - Cle Elum
Minutes Submitted By: Libby Allgood, Treasurer

Call to Order:

Regular Meeting: Call to order made by Commissioner Rogalski at 6:30 p.m.

Introductions:

Commissioners: Floyd Rogalski, Hartwig Vatheuer, Fred Benjamin, Kevin Nicholson, Claire Nicholls. Superintendent: Julie Petersen; Treasurer: Libby Allgood; Ancillary Operations: Rhonda Holden; EMS Manager: absent; Guest: Scott Olander.

Approval of Agenda:

Action: A motion to approve the agenda was made by Commissioner Vatheuer and seconded by Commissioner Nicholson. Motion carried.

Approval of Minutes:

Action: A motion to approve the minutes of the November 19, 2018 Regular meeting was made by Commissioner Nichols and seconded by Commissioner Benjamin. Motion carried.

Public Comments/Announcements/Correspondence:

Operations Report:

The Commissioners reviewed the written operations report for November 2018.

Superintendent's Report:

The Commissioners reviewed Julie's written report.

Ancillary Report:

The Commissioners reviewed Rhonda's written report.

Finance Report:

The financial statements for November 2018 were reviewed by the Commissioners, including a review of actual versus budgeted revenue and expense variances.

Action: A motion to approve the checks for November was made by Commissioner Nicholson and seconded by Commissioner Nicholls. Motion carried.

Old Business:

Julie led discussion regarding next steps on Ambulance Garage project. Architects will attend the February meeting. It was requested that Commissioners provided feedback on the proposed design to staff before the next Board meeting.

Libby presented final 2019 budget for review and approval. The budget will be changed to reclassify B & O taxes and office supplies from Administration to EMS. A motion to approve the 2019 budget, with the revisions, was made by Commissioner Nicholls and seconded by Commissioner Nicholson. The motion carried.

New Business:

Julie introduced Scott Olander, new CFO for Kittitas Valley Healthcare. There will be a resolution to appoint Scott as Treasurer presented at the January Board meeting.

The Board received a resignation letter from Commissioner Nicholls effective January 1, 2019. A motion to accept the resignation was made by Commissioner Benjamin and seconded by Commissioner Vatheuer. The motion carried.

A motion to amend the 2018 expense budget for an additional \$300,000 was made by Commissioner Vatheuer and seconded by Commissioner Nichols. The motion carried.

Next regular meeting date: January 21, 2019.

Announcements:

Executive Session:

There was no executive session.

There being no further business the meeting was adjourned at 7:35 p.m. by Commissioner Rogalski.

No. of Stipend Shifts	
District #7	2
Other	2
Cle Elum FD	0
Monthly Total	4

PERSONNEL

Stipend shifts decreased by 6 this month, with just 2 EMT's taking part in the overnight program. Fire district 1 is going to sign the cooperative agreement and they have 2 EMT's who are interested in the overnight program. Staff will be interviewing and running a field practical with 3 of the applicants. I would like to bring 2 of these medics on board as per-diem employees. The cost to get a per-diem medic up and running can be upwards of \$16,000. This was not put in to the 2019 budget and I will be asking for that request.

APPARATUS

Will be going to Braun to do mid-point build inspection on new ambulance, estimated delivery date will be in mid-February, cost is \$205,083.36, about \$13,468 under budget. M4 just received its "B" check and is back in service. M5 needed two rear tires after damage from instant chains. I will be looking in to finding a space to park our back up rigs, until the new station is built.

Year	Unit	Beg ODO	End ODO	Miles	Location	Comments
2019	M7					Build
2016	M6	67,060	68,525	1,465	Station 93	In Use
2016	M5	98,782	103,431	4,649	Station 99	In Use
2014	M4	125,533	130,244	4,711	Station 99	Back Up

MISCELLANEOUS

- Need Budget approval for Stryker power cot, load lifter and stair chair see attached list
- SPFR has changed their dispatch services back to Norcom, HD2 will still be managed by Kittcom but will receive short reports from a Norcom dispatcher via radio patch
- Both crews have been busy with Kittitas County Search and Rescue unit taking care of snowmobile accidents, some of which have been airlifted from the scene or using tracked side by sides for transport to the ambulance.
- KVFR came into district twice and transported patients because both Medic units were out of county.

SUPERINTENDENT'S REPORT – Julie Petersen

January 2019

Happy New Year!

Water Damage at the Cle Elum Primary Care Clinic

On Wednesday, January 2nd the Family Medicine Cle Elum Primary Care Clinic experienced significant interior water damage due to broken pipes. The FMC team took about five minutes to be stunned and horrified before they turned to the task of notifying patients and relocating the next day's clinic. Thursday morning, less than 24 hours later, Cle Elum Urgent Care hosted four providers and all of the FMC primary care patients as well as their own. Physical Therapy was relocated to the Senior Center and other patients made the journey down to Ellensburg.

Ron Urlacher, KVH Facilities Director, is leading the restoration work and I have asked him to provide a written report and timeline for repairs. Ron will also be present to address questions if possible.

I recommend that Public Hospital District #2 engage an independent, outside building inspector to evaluate the repair work.

Provider Transition

Dr. Norm Wood joined Family Medicine Cle Elum two years ago next month. Unfortunately Dr. Wood will be leaving the clinic towards the middle of February. We blame Cupid for decision to return to his home state of West Virginia. Dr. Elizabeth Wise has also signaled her decision to retire at the end of June. She is currently working half time in the clinic. Dr. Andrew Thomas has been selected to lead the team of five providers at FMC.

Appointing a Commissioner

Included in your packet is a draft calendar and process for appointing a commissioner to fill the vacancy left by Claire Nichols resignation. As proposed, the calendar calls for the district to kick off the process by advertising the position the day after the Board meeting. A process to receive and screen applicants will need to be established. The Board will also need to schedule time to interview all of the applicant or a pre-screened subset. Michele Wurl, KVH Director of Community Relations, will be on hand to answer questions and refine the draft calendar/process.

Emerging Kittcom Issues

Geoff will spend some time reviewing the conflict that has emerged between the Kig County dispatch service, Norcom and Kittcom.

Resolution

Included in your packet is a resolution to appoint Scott Olander as the District's Treasurer.

Potential Tenants

The Board asked that we identify and survey potential tenants for shared space in a new ambulance facility. I will have a verbal report at the meeting but our early contacts indicate that most public agencies are not paying commercial rates for the space they occupy.

Agenda

You may have noticed that I have made some slight modifications to the agenda. Under the reports section, Open Door and Ambulance Garage now have their own bullet.

Cle Elum Family Medicine Flood Report

On the afternoon of 1/2/2019 the fire suppression system, dry type, that protects the unconditioned portions of the structure, attics and outside covered bays, released water from 2 heads, intended to protect the attic, then raining down into the building behind the reception area and over the exam rooms just South of that. The fire alarm system sensed the water flow and the system immediately notified the fire department. Within 20 minutes the water source was shut off by Facilities stopping the water flow. This left the unconditioned areas of the building without fire protection, but the interior spaces were still active through the wet type sprinkler system. A restoration contractor was immediately notified and clean up began that evening. It was determined that the dry system had water in the pipe which then froze breaking the 2 heads then when thawed released the water. The exact reason for the water remaining in the dry pipe system is not known. One section of the piping system did have a droop in it that could trap water and that was taken care of. Facilities have been instructed to closely monitor all the drain points in the system for water build up. A continued build up would indicate a faulty main water/air separation valve. These systems see water annually for testing purposes and are drained off at that time. Quarterly, the drain valves are checked for water buildup. Additionally, Facilities discovered air gaps that allowed cold attic air to reach the wet pipe sprinkler system above the waiting room bathrooms. This work is expected to be minor but not covered by the insurance.

1/3/19 The Facilities department got a hold of VK Powell, Knobels Electric, Inland Fire Protection, and Fulcrum, an Industrial hygienist professional. Fulcrum took the lead for defining the affected areas and where barriers needed to be put up so we could operate at partial capacity starting on 1/4/19. The Facilities department moved all the furniture out and separated the destroyed from salvageable. A Uhaul was rented to store the items on site. Facilities documented these items. IT assessed computers and printers and brought in replacements to use and documented the destroyed. The insurance carrier had already been notified and was part of the decision process from the beginning. Through trade knowledge and testing Fulcrum determines all the mitigation work and processes needed to properly restore the building to a safe condition. Clean Image preformed the mitigation work such as cleanup process, dehydration process, infection control such as physical barriers, pressure barriers, and filtration, as well as demolition work, mold abatement, and asbestos abatement. VK Powell did some selective demo work and will rebuild the space and case work after mitigation. Knobels was brought in to assess damage to electrical equipment and provide temporary electrical circuits to support drying and filtering equipment. Wall receptacles and switches were destroyed and one of the electrical panels did have water in it with some damage. The moisture measurements are done throughout the process to monitor the drying process.

1/11/19 during the process of removing the water damaged sub flooring they discovered old flooring underneath that contains asbestos. It was determined that asbestos abatement was not covered under the insurance policy so that work was separated out and will be an owner cost. This work should be complete by 1/18/19. All the required asbestos containment work and air sample testing is ongoing during the process.

1/15/19 I was notified that the crawl space dehydration was complete. At this point we anticipate Clean Image being complete with their work by 1/23/19.

Operations report to Hospital District #2 Board of Commissioners
January, 2019

Ancillary Service Operation Report:

- **Swedish Specialty Services**

FMC has been reduced from 16 exam rooms down to 6 due to the burst water pipe and subsequent flooding. FMC is currently using the space leased to Swedish to see patients. Swedish still has not given us a timeline of when they anticipate providing specialty services in Cle Elum.

- **Cle Elum PT**

Due to the burst water pipe, Cle Elum PT patients were relocated to Ellensburg PT on Thursday, January 3rd and then to the Putnam Senior Center on Friday, January 4th. We are very grateful to the Putnam Centennial Center for allowing us to use their facility free of charge to serve our therapy patients as well as the Board meeting tonight. It was tremendous to see the support from the community and everyone pulling together to ensure our patients needs were met.

- **Ambulance Garage**

Your packet includes a floor plan for the Omak Fire station, which was designed by MJ Neal Associates Architects in Wenatchee, WA. They can be reached at 509-663-6455 or mjneal@mjnealaia.com. The lead architect was Brad Bisbane. I've also included the Medic One staffs list of preferred components in the ambulance garage, and would like to obtain the Commissioners input this evening. I will then send this to KDA to allow them to do some predesign work for us.

Respectfully submitted by Rhonda Holden, MSN, CENP

Executive Director Report

January 11, 2019

Compiled by Angie Love; for tracking the month December, 2018 Patient Statistics

	Ellensburg	Cle Elum	Dental	Total
Former Patient	18	4		22
New Patients	19	2		21
Total	37	6		43

Statistics Summary: For the month of December the patient's symptoms include RX refills, testing, lab results, stomach pain, high blood pressure, diabetes, pregnancy testing, patients wanting counseling and many others symptoms. The patient visits are around lower because of the holidays.

Volunteer Statistics

Volunteer	Ellensburg	Cle Elum	Total
Medical	10	4	14
Non-Medical	15	4	19
Partner	8	4	12
Total	34	12	46

Medical professionals include: Dr. Bob Schneider; Dr. Asriel, Cindy Gregory; Mara Fusfield, NP, Maureen Woon, Marissa Krager, Clint Thompson, Natazshya DeSkala, Drue Larson.

Non-Medical Volunteers include: Heather Clerf, Susan Camacho, Jacob Darley, David Farr, Cameron Cupp, Johnathan Basterrechea, Megan Keeler, Lilly Ahi, Katie Rodenberg, Haillie Resmussen, Maggie Hall, Madison Woodworth, Edith Zaragoza, Grayson Long & Rafealle Cordova Gamez.

Partner volunteer include: Union Gospel Mission Clinic; Safeway; Fish Food Bank, Health District #2, Super One Pharmacy, KVH, CHCW, Creekside Dental, United Way, MTI.

Week	Hours	Miles	Notes
1	35	52	Clinic: Ellensburg
2	35	20	Clinic: Ellensburg, Cle Elum
3	35	32	Clinic: Ellensburg
4	35	0	Clinic: Ellensburg, Cle Elum
Total	140	104	

Activity Summary: In addition to my routine responsibilities such as attending hosted clinics, managing the clinic's phone, email, preparing a monthly Executive Director report and other administrative duties my list of projects in December include:

- Learning new EHR----LOVE IT SO FAR
- Settled in to the new office space
- Applied for Suncadia Grant
- Looking for long term potential funders for the clinic

PUBLIC HOSPITAL DISTRICT NO. 2
KITTITAS COUNTY WASHINGTON
RESOLUTION NO. 01-21-19-01

A RESOLUTION of the Board of Commissioners of Public Hospital District No. 2, Kittitas County, Washington (the "District") removing Libby Allgood from the position of Treasurer and appointing Dale Scott Olander as Treasurer of the District.

WHEREAS, RCW 70.44.070 requires the District to appoint a Treasurer of the District; and

WHEREAS, RCW 70.44.070 further requires that the Treasurer be appointed for an indefinite time and be removed at the will of the Board of Commissioners; and

WHEREAS, the Board of Commissioners have determined that it is in the best interest of the District to remove Libby Allgood as Treasurer and appoint Dale Scott Olander to the Treasurer position; and

WHEREAS, this resolution was introduced at a regular meeting of the Board of Commissioners held on January 21, 2019; NOW THEREFORE,

BE IT RESOLVED by the Board of Commissioners of Public Hospital District No. 2, Kittitas County, Washington as follows:

Section 1. Effective as of January 21, 2019, Libby Allgood was removed as the Treasurer and Dale Scott Olander was appointed as Treasurer of the District.

ADOPTED and APPROVED by the Board of Commissioners of Public Hospital District No. 2 Kittitas County, Washington at a regular open public meeting thereof held this 21st day of January 2019, with the following Commissioners being present and voting in favor of the adoption of the resolution.

Inaugural Giving Back fundraiser raises thousands for beneficiaries

by Jim Fossett
jim@nkctribune.com

CLE ELUM – November's Giving Back fundraiser, held at Swiftwater Cellars, earned thousands of dollars with proceeds being divided between HopeSource and three beneficiaries chosen before the event took place. They include Three-year-old Tavish McCosh, battling with a rare form of leukemia, Chris Frankenfield, also diagnosed with leukemia after having won her war against breast cancer, and Steve Bauman, a U.S. Marine veteran struggling to transition himself and his family into civilian life after an Honorable Discharge.

Cle Elum Roundup, the organization staging and operating the event, will be reimbursed for expenses.

HopeSource CEO Susan Grindle said funds likely would be disbursed before the end of the month, hopefully before Christmas.

"We're still tabulating revenues and expenses," she said. "We sold 140 tickets. About 129 guests made it to the event."

"Cle Elum Roundup did a good job promoting and managing the event. The

BIDDERS AND BENEFACTORS grossed thousands for three beneficiaries and HopeSource (L-R Back Row) Anna Angehrn. (Winning Foundations), Nicole Agola (HopeSource). (L-R Front Row): Patricia M. Jerké (Winning Foundations), Julie Sand, Nancy Adelson (Cle Elum Roundup, board member and Giving Back volunteer), Stephanie Campbell and Jaminne Lavande. Courtesy Nancy Adelson

silent and live auctions went well, with a nice assortment of items to bid on. The Dessert Dash (auction) went well, too."

Said Benavides, "I'm guessing at a minimum the event grossed about \$60,000."

Grindle said for her the experience was very rewarding.

"Before everything got rolling, we shared the stories of our three beneficiar-

ies with the crowd. Steve was able to make the event, so we had the opportunity to introduce him.

"I was really proud of the way all of the patrons were excited about being there and about helping. Just seeing and feeling that was worth being there."

Said Benavides, "We learned a lot from this effort. Next year we'll work toward selling 300 tickets, the magic number.

"Patrons I talked with thought it was done well, said they had fun, and mentioned that the food was good. We're already working on next year's fundraiser."

Benavides said he was grateful for the volunteer help he got. In passing he mentioned several people: Dick Kloss, Nicole Ahola, Megan Flowers, Johann Furr, Jeri Epperson, Elizabeth Liddle and Stephanie Haag."

Bob Alma

Robert "Bob" Alma, of Cle Elum, Washington passed away on November 27, 2016 at the age of 90. Bob was raised in the Fall City, Washington area, and later moved to Issaquah, Washington, where he lived much of his adult life. While living in Issaquah, Bob worked for thirty years for King County Public Works and received numerous awards for his safe driving record. After retirement, he moved to Eastern Washington, first living in Ronald so that he would have room to raise his beloved Alaskan Malamutes while enjoying the peace and quiet of country living. Bob later moved to Cle Elum, Washington, where he resided for the past twelve years until his recent death.

Living a full life, Bob served in the United States Navy during World War II. Bob participated in several fraternal, service and community organizations, and also spent much time in wilderness: camping, hiking, backpacking, and fishing. He also supported many environmental and conservation organizations. Bob loved his dogs, both Samoyeds and later Alaskan Malamutes, and participated in breed clubs, dog sports, and activities. His dogs held numerous championship titles conformation, as well as many working titles.

Bob's family includes children Jana Alma of Issaquah, Washington, Jon Alma (deceased) formerly of Cle Elum, Washington, and Joy Houghum of Bellevue, Washington, brother Bud Alma of Concomly, Washington and Bill Alma (deceased), plus five grandchildren, four great-grandchildren (number five on the way), several cousins, nieces, nephews, other relatives, and friends.

Remembrances, if desired, may be made to Wolf Haven, National Wildlife Federation, The Audubon Society, Defenders of Wildlife, or a charity of your choice.

Cle Elum's Class of 1958 celebrates 60 years

Puget Sound Energy's Green Direct program expands

BELLEVUE – With the WA Utilities and Transportation Commission's approval, Puget Sound Energy will be able to increase capacity of the second phase of Green Direct to allow additional customers to participate in the program.

As announced back on Oct. 16, the program has been fully subscribed and will take energy from the largest solar project built in the state.

"We are thankful to the commission for recognizing the demands of our customers for more renewable energy options," said Will Einstein, PSE director of Product Development and Growth.

"By increasing the capacity of Green Direct, we

will be able to help more customers achieve their long-term carbon goals."

With the WUTC approval to increase the capacity of Green Direct from 75 MW to 85 MW, customers such as Amazon, University of Washington Bothell and the Issaquah School District are now

signed on to participate.

"Environmental sustainability has been a driving force throughout University of Washington Bothell's evolution," said Tony Guerrero, UW Bothell associate vice chancellor for Facilities Services and Campus Operations. Issaquah School District

is the first school district in PSE's service area to join the program.

Sound Transit, which is already signed up for Phase 1, will also be able to do another 2.8 million kilowatt hours of renewable energy as a participant in Phase 2.

Ellensburg school receives a wheelchair swing

THE SEASON OF GIVING was on full display when Ellensburg's Valley View Elementary School unveiled a wheelchair swing, a gift from Central Washington University students enrolled in a business leadership capstone class, which required them to develop and complete a community-enhancement project. Shown here enjoying the ride: Hannah Long. Courtesy Rob Emery

(Across fr

Last spring, an attempt to play peacemaker between her dog and a neighbor's cat left Liahna with scratches, a deep cat bite and a dangerous infection.

When her ankle remained swollen and painful, she was immediately admitted to the hospital. The next day, a large infected area was surgically removed.

Liahna credits KVH for fast action in saving her leg.

"I'm proud of KVH's commitment to the well-being of patients and employees."
 - Liahna Armstrong, a KVH Commissioner and Patient

the businesses in it. Total capacity: 100 kilowatts. The EV station will charge all EV models in the market because the CHAdeMO dispenser is used with a CHAdeMO motor, for Japanese rean models, and a Combo connector for an and U.S. manufacturer makes his live-1 real estate holdings development, and he's d with some other ses outside the state. He owns a home in and a cabin east of m. The NKCTribune up with him a couple ago. Here's what he say.

It with Sommer at on Earth ted you to get into siness of charging cars? "A few years iqured with Kittitas s to whether they electric car chargin plan.

purchased the busi-ark a short time heod thought it woul od location for one. ey didn't have a t that time but re-ered my inquiry they were aped by some folks e Washington State ment of Transporta-ctric Vehicle Infra-ire Pilot Program, a ide project that aims ate an electric car ng corridor through gton.

accompanying them as van der Meer, resident and CEO LLC, a Portland com- founded in 2010 to : build and operate ar battery charging e he calls Energy r Merchant stations. non-Tesla related ef-

parking status.

Who handled construction? "Tesla Motors brought in their own installation experts, and I'm pleased to say they contracted local talent.

"Guyco Construction did all the ground and concrete work. Justin McMan Trucking hauled dirt off the site, and Cabin Creek Electric did all the electrical work. About 450 yards of ground were moved to create the needed grade.

"EV4 coordinated with the same contractors to perform installation simultaneously.

"The bulk of the work was completed in one week instead of the usual two it takes for these installations. For many long hours we worked with Guyco. A couple of days we were there as late as midnight. The rush was on so that Washington Asphalt Company could perform their work before the asphalt plant closed for the season.

"Consistent with all my encounters with the city, they proved to be very supportive of the whole effort and I'm grateful for their vision toward the future of electric vehicles."

Do you get any tax credits for a project like this? "There are some state and federal tax credits and incentives with the EV4 charging station."

Above ground we see the pumps. What's below ground? "The underground infrastructure consists of a 1,250-kilowatt, three-phase transformer installed by Kittitas PUD in a concrete vault, and there are lots of conduits supplying wire to the charging posts."

Do you estimate you'll get more business from locals or passersby? "The charging station location

ONE OF 12 TESLA charging stations in Cle Elum. How do you pay? Simply put: Plug the charger into your Tesla. Charge it up - and drive off. While the plug was in your car Tesla Motors learned

where you were and how much electricity you should be charged for. That's it.

N.K.C. TRIBUNE/Jim Fosselt photo - 2018

was chosen because it's at the 'Y' between east and westbound I-90 and SR97 heading to or from the Wenatchee and Lake Chelan area. Cle Elum and the surrounding area is also a destination for a lot of Tesla and other electric car owners. I truly believe these stations will bring more visits from electric car owners whose range has been extended by our installation."

Do you think the Pacific Northwest is a good place for electric cars? "I think it's really one of the best places to make a difference in the environment. We get most of our power from non-fossil fuels, water with gravity, wind and sun."

The tally

Elaine Chung has a weekend retreat in Roslyn and she owns an electric car she drives here from Seattle. Here's what she had to say: "I'm delighted to hear there's now a fast charging station in Cle Elum. The only other one in the area is at the Sumacdia Lodge.

"When I drive over from Seattle, I can either (1) drive 55-60 miles per hour on I-90 and make it all the way to my Roslyn house without stopping to charge, since we now have a newer Nissan Leaf that gets a longer range than our old one, or (2) I can drive 70-plus miles per hour and stop to charge quickly on the way. I usually stop at the North Bend Outlet Mall to charge, as they have the fastest charg-

ers and multiple outlets in case someone is already using the fast charger.

"There is a charging station at Snoqualmie Pass near the Chevron station, but it often doesn't work, or there is someone already using the one fast charger, and that fast charger isn't very fast anyhow. Once I get to my house in Roslyn, I can charge there, too.

"There is also a fast charger in Ellensburg at the Main and 3rd public parking, and a Level 2 (medium speed) charger at the Holiday Inn near Exit 109. I've never used those."

The electric car phenomenon

Industry watchdog **Brett Williams** published a story late last year entitled, *Here's how every major automaker plans to go electric*, in which he reported, "Most major automakers

have at least outlined plans for electrification."

For his story he researched what some major automakers have committed to do. GM, for one, said, "It plans to phase out gas-powered vehicles for an all electric future, though no date was given for an all-EV line. The effort starts, however, with plans for 20 all-electric vehicles by 2023."

Williams story also previews the plans from other automakers, including Ford, Toyota and Mazda, Volvo and others.

To read that story visit <https://mashable.com/2017/10/03/electric-car-development-plans-ford-gm>.

Electric cars by the numbers

According to Puget Sound Energy there are some 28,000 electric cars cruising the roads of Washington.

In October this year, Forbes reported, "The stock of plug-in electric cars represented just about 1 out of every 300 motor vehicles on the world's roads by September 2018."

According to Plug In America, "The average cost of electricity in the U.S. is 12 cents per kWh. Therefore, the average person driving the average electric vehicle 15,000 miles per year pays about \$540.00 per year to charge it, versus about \$1,400 for gasoline."

According to Solar Estimate, although electric rates vary from state to state, on average to charge a Tesla Model 3 50kWh battery it'll cost you about \$6.50. To charge the Model 3's 75kWh battery the cost is \$9.75.

According to Puget, "Most electric vehicles are currently capable of about 100 miles of driving before they need to be recharged."

le seriously injured in Lower Peoh Point crash

PER COUNTY, — day, Dec. 6, around m., county deputies, is County Fire Dis-1, Hospital District-2 e Washington State responded to an in-collision on Lower Point Road in the f Watson Cutoff.

e vehicle was driven 8-year-old **Camara Rice** was traveling und on Lower Peoh Road when the vehi-iled to negotiate a ing right curve in the left the westbound ler and rolled multiple before coming to rest t several small trees.

Rice was ejected from the vehicle into the trees to the east of where the vehicle came to rest. She suffered severe injuries. First responders airlifted her to Harborview Medical Center.

Witnesses at the scene stated they observed the vehicle traveling at an ex-

tremely high rate of speed just prior to the accident.

She was the only occupant of the vehicle and law enforcement officials at the scene said it was unclear if she was wearing a seatbelt.

The sheriff said the accident remains under investigation.

What is speech therapy?

Speech therapy helps those who have difficulty with voice, language, processing, swallowing, or feeding skills.

Speech language pathologists treat people of all ages - from children with developmental delays such as autism, to older adults who have suffered a stroke or are dealing with Parkinson's or Alzheimer's diseases.

CLE ELUM - We are pulling the community together to help Matt and eAnne Martinson recover from the recent devastating fire at Iron Horse

silent auction and raffles to help the Martinsons get back on their feet. The event will be held Thursday, Nov. 29, from 5-8 p.m. at The Caboose (115 E.

Monetary donations can be made at the event, or with a visit to: <https://www.gofundme.com/fire-recovery-iron-horse-inn-bambp>.

Items can also be dropped off at Taneum Creek Brewing in East Cle Elum, at Roslyn's Base Camp Books & Bites, or at Neko's Handmade in Cle Elum. Please make a note of who it is from and approximate dollar value of items for listing purposes.

We are limited on storage and table space, so

If you haven't met the Martinson's you are missing out on some great people. Unfortunately their historic home and business in South Cle Elum caught fire on Nov. 4. Fortunately Matt, LeAnne, son Ethan, Matt's sister-in-law Sarah, and the family's two dogs were able to evacuate safely, but they face a tough time ahead.

We want to do all that we can to help them move forward, so many people in the community have rallied

garners creative award

ELLENSBURG - Summit International Awards awarded the Kittitas County Chamber Tourism Department with a Creative Award for the *This Is How We Do: Cle Elum* television spot from 2017.

With concept and production by DrawKnife Studios, direction and production from 1123 Productions, and management by Genesis Marketing, the 30-second spot received a Bronze Award in the TV Commercial Spot \$5,000 to \$25,000 category. Said Amy McGuffin, former Tourism Director and

COMMUNITY

Tough Enough to Wear Pink Campaign raises record \$14,500+

ELLENSBURG – The Foundation at Kittitas Valley Healthcare (KVH) and the Ellensburg Rodeo Association celebrated another successful Tough Enough to Wear Pink (TETWP) campaign in 2018.

Money was raised through selling pink merchandise and accepting general donations on rodeo Sunday, when \$7,858. In addition to the funds raised at the rodeo, TETWP volunteers generated over \$6,000 through pick-your-prize raffles and merchandise sales at KVH.

The dollars help with the fight against breast cancer in Kittitas County. The Foundation at KVH uses them to provide free mammography screenings at KVH for patients in need and to support breast cancer education materials in our community.

Said Foundation Director Lauren Denton, “Early detection is key in the fight against breast cancer. We appreciate the support of the TETWP committee, the Ellensburg Rodeo, and the community as a whole in

ELLENSBURG Rodeo President Jerry Jensen presents a \$7,000 check to the Foundation at KVH, KVH Imaging personnel and TETWP committee members. Time to enter the BirdSpotter Photo Contest

ITHACA, NY – The contest kicked off Monday, Nov. 13. It’s run by the Project FeederWatch citizen-science project at the Cornell Lab of Ornithology, and sponsored by Wild Birds Unlimited.

During this 16-week contest, each two-week period has a photo entry theme. The first theme is birds with food or at the feeder. Visit birds.cornell.edu for upcoming photo themes

lated tip, story, or memory.

Nov. 18-29 FeederWatchers will be asked to describe who is with them on FeederWatch count days. Is it someone special or is participation a time of quiet solitude?

The topic changes every two weeks and the winning entries will be randomly selected and posted on the FeederWatch blog.
